

NATIONAL JUNIOR ANGUS ASSOCIATION

CORE VALUES

These guidelines are written by the National Junior Angus Association (NJAA) Board of Directors to the members of the NJAA. Our goal is to create strong positive values and behavior during their involvement as a junior member.

Members should conduct themselves at all times in a way that benefits their surroundings, our organization, and our industry by:

- Being respectful and courteous of all people at all times.
- Respecting the property and facilities being used for an event.
- Participating in teamwork to help others succeed.
- Refraining from loud, unruly talking, vulgar language, swearing and other unbecoming conduct.
- Dressing appropriately for the occasion and events. Follow dress code (where applicable) for the NJAA event or show.
- Demonstrating sportsmanship in all competition and contests. Be modest in winning and generous in defeat.
- Cooperating in programs and activities.
- Being on time to meetings, events and activities.
- Showing and taking pride in the National Junior Angus Association, the Angus breed, the beef industry, and the agriculture industry.

Adopted by the 2011-2012 National Junior Angus Association Board of Directors.
